# Euroresidue Grants

The former Euroresidue foundation has made available a one time funding to contribute to the workfield of food safety for the following :

- Short internships at renowned food safety institutes ;
- Training courses in the field of food safety ;
- Travel grants to relevant conferences and workshops.

The application is open to representatives from academia and food safety institutes/laboratories. Priority will be given to low and middle-income countries from Africa, Asia and South America.

- Please submit your application via the digital form ([link](#)) or send an email to request an application form.
- Applications will be assessed by Prof. Dr. Bruno le Bizec (LABERCA, SARAF), Dr. James Sasanya (IAEA) and Drs. Saskia Sterk (Director EURL WFSR).
- Grant recipients are required to submit a brief report after using the grant.
- Grant recipients are required to mention and thank the Euroresidue Foundation in their articles and/or presentations.
- Deadline for applications is **1<sup>st</sup> of January 2025**
